

Arcane Crypto's subsidiary Trijo appoints new CEO and strengthens collaboration with Arcane Crypto

Stockholm November 12, 2021 - Arcane Crypto's wholly owned subsidiary Ijort Invest AB ("Trijo") today announces that Arcane Crypto's CEO Torbjørn Bull Jenssen will also become CEO of Trijo and thereby replace Totte Löffström.

On July 2, 2021, Arcane Crypto completed the acquisition of Ijort Invest AB, operator of the Swedish crypto exchange Trijo, following a directed issue of shares in Arcane Crypto. Trijo has made a number of important announcements since the acquisition including a collaboration with the payment service provider Trustly and the launch of Trijo Autopilot, a service for automatic saving in digital currencies.

Following the acquisition of Trijo and a dialogue on the strategic direction of Trijo, Torbjørn Bull Jenssen and Totte Löffström have mutually agreed that Torbjørn Bull Jenssen will take over the role as CEO of Trijo.

"I would like to thank Totte for his contribution to establishing a solid customer offering in Trijo. We have both agreed that I should be the one to lead Trijo going forward. Trijo is already a great exchange platform and I look forward to unifying operations and infrastructure across our group companies," says Torbjørn Bull Jenssen, CEO of Arcane Crypto.

"I have had the privilege to take part in Trijo's journey from the very start. In connection to Arcane Crypto completing the acquisition of Trijo this past summer, I felt that it was time for someone else to take charge. Someone who can come in with a fresh perspective and take Trijo to the next level. Torbjørn and I have had a good dialogue and the time was right for me to move on. I look forward to taking some well-deserved time off for the first time since 2017 and will thereafter consider what to do next," says Totte Löffström.
